1 (2) develop standards for building codes and
2 ordinances that will reduce the threat of forest fires. In
3 developing the standards, the task force shall:

4 (a) recognize the distinction between
5 altering existing situations and establishing standards for new
6 construction;

7 (b) consider the benefits of thinning
8 overgrown forests, conducting controlled burns, clearing spaces
9 around homes and other structures, using noncombustible roofing
10 materials and double-pane windows and taking other fire
11 suppression or prevention measures;

12 (c) consider the impact of fire
13 mitigation measures on wildlife; and

14 (d) solicit comments from affected
15 landowners, land users and local governments;

16 (3) work with communities in the affected
17 areas in adopting and implementing the building codes and
18 ordinances; and

19 (4) report its progress and any
20 recommendations for legislation to the governor and the
21 legislature by December 15 of each year.
